

Entries For The Royal Society of British Artists 2020 Competition

July 2019

Each year YARs from each Art Society are invited to visit local school's A level Exhibitions and choose work that fits in with the criteria of the Royal Society of British Artists (RBA) competition guidelines.

The selected pieces will be exhibited alongside the RBA's own work at the Royal Overseas League and mall galleries next summer.

Only about twenty pieces are selected each year, so it is highly prestigious to get through the selection round and have your work make it to London. Quite a good addition to a student's CV.

RBA Selection from St Mary's School, Calne

The following pieces of work have been chosen from the UV1 Founders Day Exhibition.

We will now put these pieces forward to The Arts Society and the RBA for selection for the Exhibition in London next Year.

We thank the Director of Art Kimberley Appleyard Pallett and the students for their invitation to view the work and giving us the opportunity to enjoy looking at the outcomes of their A Level studies.
